

**Practical Arrangement
between
Korea Atomic Energy Research Institute
and
World Council on Isotopes**

This Practical Arrangement is entered into by the Korea Atomic Energy Research Institute (hereinafter referred to as “**KAERI**”) and the World Council on Isotopes (hereinafter referred to as “**WCI**”, with KAERI and WCI individually referred to hereinafter as a “**Party**” and collectively as the “**Parties**”) for the implementation of the Training Program (hereinafter referred to as “the **Program**”) with other international organizations.

The Parties understand that their joint efforts will help solve common problems and strengthen capacity for radioisotopes applications throughout the world, thus consolidating the bonds of cooperation and friendship between the Parties.

Therefore, the Parties have mutually agreed to promote the Program as follows:

1. The Parties conclude this Practical Arrangement to jointly implement the Program to educate and train the selected participants, within the framework of the Memorandum of Understanding concluded between the Parties on November 7, 2016.
2. KAERI, as the implementation agency, will be responsible for the analysis, design, development, implementation, and partial evaluation of the Program, in cooperation with WCI as a cooperation agency of the Program.
3. The detailed contents of the training courses, such as the composition, sector, and number of participants, will be determined according to the agreement between KAERI, WCI, and other international organizations.
4. The Parties will consult annually, or as practicable, on the cooperation activities to be carried out under this Practical Arrangement.
5. The Parties will support the widest possible dissemination of unclassified information provided or exchanged under this Practical Arrangement, subject to the need to protect proprietary information. The Practical Arrangement will ensure the confidentiality of information classified by any other party as restricted or confidential.
6. The Parties will cooperate to ensure the intellectual property and rights thereto, including, without limitation, all copyrights and patents, in and to any material or invention produced by any party, their employees, or sub-contractors arising from the cooperation between the Parties in the implementation of this Practical Arrangement.
7. Nothing in this Practical Arrangement gives rise to legal or financial obligations upon any party. All activities under this Practical Arrangement shall be subject to the availability of appropriate funds and personnel and to the laws and regulations of the respective countries.

8. Any disputes arising out of or relating to interpretation or implementation of this Practical Arrangement will be amicably settled among the parties.
9. The activities of this Practical Arrangement shall be carried out in accordance with the laws of the relevant country and the stature of each Party.
10. This Practical Arrangement will remain valid for a period of five (5) years after signature by both Parties and can be renewed by the written consent of the Parties for consecutive five-year periods thereafter.
11. This Practical Arrangement will enter into force immediately upon the signatures of the duly authorized representatives of the Parties, and will continue to be in force until terminated by either Party, giving the other Party a sixty (60) day notice in writing, which details the reason for such termination.
12. This Practical Arrangement may only be amended by mutual agreement expressed in writing between the two Parties.

Agreed upon and signed on September 6, 2023 with two (2) original copies in English.
